DAYLIGHT SAVING LAW IN DENVER

CITY ORDINANCE CHANGES THE TIME; MANY PEOPLE CARRY TWO WATCHES CAUSES CONFUSION.

By the Associated Press

DENVER, Colo., May 1.—Denver got up an hour early today. At mid-night the clocks were set ahead an hour in conformity with the city daylight saving ordinance which will remain in effect until October 1. Confusion resulted in the time change in certain quarters, railroads remaining on the old schedule as also do all other communities in the state. Persons working here and living in suburbs will have to live by two time standards, one to work by and the other for recreation because their home town movies will be running on old schedule.

The ordinance also affects produce, milk and vegetable dealers newspapers which compete for circulation with the papers over the state. When it is noon in Denver it will be 11 o'clock in Pueblo and Colorado Springs.

Brokers, however, will be benefited by the change because they had been working under the new schedule since New York adopted daylight saving April 1. They have been going to work at 6 o'clock since April 1. Today they opened up at 7, as before.

Railroad men and press associations, operators and editors, however, will have to carry two watches unless they can keep alert enough to calculate the time difference every time they consult their watches.

REVOLUTIONISTS HAVE THINGS WELL IN HANDS IN MEX.

By the Associated Press

AGUA PRIETA, Sonora, May 1.—Mexico is honeycombed with revolutionists and instead of the "steel ring" of soldiers, President Carranza announced would be put around Sonora in the first stage to secede from his administration, the rebels have put a "steel ring" of revolution soldiers about Mexico City and in every state except one. General Cillareal said here today in making public the accomplishment of the revolution in less than one month since it began. The General came here from El Paso to look into the revolution situation with General Calles, commander of the revolutionary forces in the northwest.

Auto Accident on Main In Which Drivers Have a Most Narrow Escape

John Crawford and four friends were driving on the East Main pavement near the Normal last evening when Mr. Crawford's car turned turtle, spilling all the occupants, but fortunately no one was injured. Mr. Crawford's Stevens car is considerably damaged, but the party feels that they were lucky in that no one was hurt.

Mr. Crawford was following another car which swung to the middle of the street to make the turn off Main, and in view of the fact that Mr. Crawford did not see the driver of the car ahead give the turn signal, he was compelled to swerve to miss the car ahead and in doing so upset his own car when he turned it into the curb to avoid a collision. One wheel was knocked off the car, the fenders were badly damaged and some other minor injuries were sustained to the machine. As stated above, none of the occupants of the car were injured.

Sixty Foot Paving For East 12th St. Is Voted By Citizens

The biggest paving bugs in Ada seem to live on East 12th street between Rennie Avenue and the Katy tracks. At a meeting of East 12th property owners held last evening at the city hall to consider the kind and dimensions of paving wanted, those citizens living west of the Katy wanted just twice as much paving as the citizens living east of the tracks. In fact a motion to build a sixty foot pavement from Rennie down to the viaduct carried by a unanimous vote. East of the viaduct the pavement will be only thirty feet wide. It was decided to have the paving constructed of Ada rock asphalt.

May Day in Britain.
LONDON, May 1.—Eight million workers are estimated to have participated in Great Britain's observance of May Day by taking the day off, parading and speech making, but there were no interruptions to the nation's public services.

ATLANTIC FLEET IN HOME WATERS

GREAT FLEET PUTS INTO HOME WATERS TO GIVE BLUE JACKETS REST FROM WINTER PRACTICE.

By the Associated Press

NEW YORK, May 1.—The great Atlantic fleet arrived in home waters early today to give twenty-five thousand American blue jackets a relaxation from their winter period of target practice and drill off Cuba. During their two weeks' stay here they will be entertained by various organizations and given an opportunity to renew acquaintances with relatives and sweethearts.

The fleet, comprising eight monster battleships and more than forty destroyers, tenders and smaller fighting vessels, nosed its way in through a heavy mist at dawn and the vessels were expected to anchor at their station in the Hudson River by noon.

ROBINSON ADDRESSES GLENWOOD SCHOOL

The Parent-Teacher association of the Glenwood school met in regular session yesterday afternoon at the school building.

The program consisted of many interesting features, among them being a number of songs by the girls chorus of the school. This chorus is directed by Miss Mildred Miller and it is one of the best in the city.

Another feature of the program was the inspiring talk by Prof. R. R. Robinson of East Central Normal school. Mr. Robinson spoke on the relation of parent to teacher and his talk was greatly enjoyed.

A number of the patrons of the school were present at the meeting yesterday in addition to the board members, pupils and teachers.

SERVICES FOR VETS TOMORROW

JUDGE WIMBISH AND REV. TAYLOR TO DELIVER ADDRESSES; BIG ATTENDANCE IS EXPECTED.

Tomorrow is Memorial day for the United Confederate Veterans and the Ada Camp will celebrate in a way befitting the occasion, as they customarily do.

The veterans will meet at the city hall at 10 o'clock in the morning and march in a body to the Methodist church where the exercises of the day will be held.

Hon. Robert Wimbish of Ada will deliver the annual oration to the veterans which will be followed by a special sermon by Rev. R. C. Taylor, pastor of the Methodist church.

A short review of the lives of members of the veterans organization who have passed out during the past year will be given as a part of the memorial service. Captain A. N. Crow, head of the local camp, says they expect this to be one of the most impressive services they have ever held.

Earthquake in Missouri.
ST. LOUIS, May 1.—The Seismograph at the St. Louis University reported earth quake shocks were recorded shortly after nine this morning. The tremors occurred about 200 miles southwest of here.

PHILLIPS OF DALLAS BUYS OUT PITT

F. E. Phillips of Dallas, Texas, has bought the H. Claud Pitt tailoring establishment on Main street, and took charge this morning.

Mr. Phillips has the name of being one of the best clothing and tailoring men in the country and no doubt under his management the Pitt establishment will continue to enjoy deserved prosperity. Mr. Phillips has recently been a traveling salesman and he could not be satisfied until he got into business in Ada.

It is not known what Mr. Pitt will do in the future but he will continue to be a citizen of our city.

LAST MINUTE NEWS

Mexican Tells Who He Is.

By the Associated Press

ST. LOUIS, May 1.—One of the two Mexicans under arrest here today according to the police, said he was Manuel Prieto, mayor of Juarez, Mexico, from 1914 to 1916, and that he came to St. Louis recently to purchase arms for General Obregon and the armies revolting against the Carranza government.

Freight Conditions Near Normal

By the Associated Press

OKLAHOMA CITY, May 1.—Freight conditions in the railroad yards here were closer to normal today than at any time since the strike of switchmen last Tuesday night, railroad officials declared. No congestion was reported.

Americanization Day Observed

By the Associated Press

OKLAHOMA CITY, May 1.—A parade this afternoon followed by a pageant in which one thousand children will participate and a patriotic mass meeting constitute the program for observing Americanization Day in Oklahoma City.

BLAKE SEEKS G. O. P. SENATE NOMINATION

By News' Special Service

OKLAHOMA CITY, May 1.—Ernest E. Blake of Oklahoma City filed application yesterday as a candidate for the republican nomination for the United States senate. He is a member of the law firm of Blake and Boye and was assistant city attorney during the administration of Mayor Overholser and Mayor Shear.

Warren K. Snyder filed application yesterday with the secretary of the state election board to be placed on the ballot as a candidate for the democratic nomination for the senate from Oklahoma county, the fourteenth senatorial district, to succeed himself. T. B. Hogg of Shawnee, democrat, filed as a candidate to succeed himself as state senator for the thirteenth district, and M. A. Floyd of Norman, democrat, filed as a candidate opposing Jep Knight of Wynnewood for the nomination for the senate in the nineteenth district.

Col. Anderson A. Webb, who represented Haskell county in the seventh legislature, and since the adjournment of that body has been a resident of this city and is educational director of the United States public health service, has filed as a democratic candidate from the second district of Oklahoma county, formerly represented by S. S. Butterfield who will not be a candidate for re-election.

MANY POLICE WATCH MAY DAY

PRECAUTIONS TAKEN IN CHICAGO AND MANY OTHER LARGE CITIES AGAINST POSSIBLE OUTBREAKS.

By the Associated Press

CHICAGO, May 1.—Federal, state and city authorities in the central and western cities were mobilized today to stamp out threatened May Day disturbances. Officials generally predicted that no violence would be attempted, but precautionary measures were taken in a number of cities. In Chicago more than fifteen hundred radical suspects and undesirable had been taken early today in a police roundup. Scores were formerly escorted out of Chicago when it was found they had criminal records. One thousand police in civilian clothes patrolled the streets on guard for possible radical outbreaks.

In the southwest reports indicated that no organization demonstrations were planned, and at Kansas City, Mo., the day was observed as Americanization day.

Although there were no open threats of radical demonstrations on the Pacific coast, federal and police officials had prepared carefully to meet any situation that might arise.

TULSA USES THE AIR POLICE FOR SAFETY

By the Associated Press

TULSA, Okla., May 1.—Tulsa used aerial police today to guard against a reported outbreak of radicals. Four army fliers headed by former flight officer Campbell, swept back and forth over the city and the huge oil refineries in West Tulsa. Special arrangements had been made with the police and fire department to warn them of any disorders or fires by the use of colored flares.

Since the tarring and feathering of twenty-one "Red" Leaders here recently, there has been mutters of revenge from this city's colony of radicals, and Chief of Police Allen swore in the aero police from a nearby flying field to prevent revenge taking the form of a May Day demonstration.

TAX DELINQUENT AFTER TODAY

LAW WILL BE STRICTLY ENFORCED, SAYS STATE HIGHWAY OFFICER CAPT. SAM H. HARGIS.

The tax on autos will become delinquent today. All auto owners who have not applied for license are doomed to a mighty unpleasant visit from the highlaws of the state. Capt. Sam H. Hargis, who is connected with the state highway department, came in from Oklahoma City this week and states that the auto tax will be collected promptly after today. He says that he hopes all car owners have made application for license before today, but if they have not, the law will be enforced, unpleasant as the enforcement may be.

Captain Hargis says he has left application blanks with the sheriff and undersheriff of Pontotoc county and if the car owners do not comply with the law and apply for the license today they may expect to be fined by the state.

RAINEY ELECTED HIGH COURT HEAD

By News' Special Service

OKLAHOMA CITY, May 1.—Justice Robert M. Rainey of Atoka was elected chief justice of the supreme court to succeed Chief Justice Thomas H. Owen by the members of the court in conference yesterday afternoon. Justice Owen's resignation from the court became effective last night.

Justice John B. Harrison of Sayre was elected vice chief justice to succeed Justice Rainey in that office. Chief Justice Rainey has been a member of the supreme court for three years. He is 37 years old. Justice Robert W. Higgins of McAlester was elected president of the supreme court library board yesterday afternoon and Justice N. E. McNeill of Pawnee, former secretary resigned, yesterday.

George S. Ramsey of Muskogee, appointed by Governor Robertson to the vacancy on the court created by the resignation of Chief Justice Owen, is expected here Tuesday to take office, members of the court said yesterday.

Chicago on Rent Strike.

By the Associated Press

CHICAGO, May 1.—Thousands of families in Chicago went on a "rent strike" today and refused to vacate their apartments in accordance with May Day moving orders. H. S. Standish, president of the Chicago tenants' protective league, estimated. Standish predicted that ten thousand tenants would defy efforts of landlords to evict them. Real estate men declared the supply of houses and apartments was sufficient to meet the requirements of Chicago's population.

B. OF R. T. OFFICIAL OFFERS PRESIDENT HIS AID IN STRIKE

W. N. Doak.

W. N. Doak, vice president of the Brotherhood of Railroad Trainmen, has been his organization's representative in Washington during the outlaw strike of railroad yardmen and switchmen. He recently called at the White House to offer his services to do anything possible to end the strike.

Tonight increasing cloudiness. Warmer in northern portion. Sunday unsettled.

WOMEN FREED BY GREAT WAR

TURKISH WOMEN RECEIVE HONORS IN MANY LINES; REMOVE VEILS; ONE MINISTER EDUCATION.

CONSTANTINOPLE, May 1.—A striking illustration of the general emancipation of Turkish women which has been affected by the war is afforded by the designation of Mrs. Halide Edib Hanem, as Minister of Education in Mustapha Kemal's cabinet.

Mrs. Hanem, is the wife of Dr. Adnan Bey, formerly president of the Turkish Red Crescent and until recently Mustapha Kemal's Minister of Health. She is 35 years old, the mother of three children, a devout Mohammedan and has attained fame as the author of several strongly pan-Islamic novels.

Shortly after Turkey entered the war the need for nurses became so great that women, for the first time, were permitted to accompany the armies and enter military hospitals as relief workers. They are said to have demonstrated remarkable efficiency in taking care of the wounded, a fact which soon made it possible for Turkish women to enter university classes with men. At the present time, however, they are still barred from theaters and amusements of various kinds, except special performances for women only.

Mrs. Halide Edib Hanem is, perhaps the most celebrated pioneer in movement for the higher education of Turkish women.

She was the first Turkish girl to graduate from the American woman's college here, despite the persistent opposition of former Sultan Abdul Hamid, who forced her to discontinue her studies many times.

Dr. Mary Mills Patrick, president of the college, and American diplomats in Turkey, always took a great interest in her struggle for education against such strong odds and she finally finished her course a number of years ago. Subsequently three of her sisters graduated from the same college.

Although educated in a school where the teachers were all Christians, she retained her Mohammedan faith but removed the black veil from her face as many other Turkish women have since done. She is a firm believer in the superior cultural value of Mohammed's teachings. Mrs. Hanem resided for a time in England and other European countries. She is slight in build but has an attractive face and possesses convictions on the subject of Turkish nationalism. Because of her unusual power as an orator, she has been a popular speaker in behalf of the nationalist movement.

PREDICTS 25 CENT LOAF AND WHEAT SELLING AT \$5, \$6

ST. PAUL, Minn., May 1.—Wheat at \$5 and \$6 a bushel and bread at 25 cents a loaf is within the bounds of probabilities, Dean R. W. Thresher of the university of Minnesota's agricultural department declared today.

The shortage of farm labor according to Thresher, is responsible for the threatened condition.

"We must increase the production per man, rather than the production per acre," he said. "While the nations of the world recognize a standard eight-hour day, America this year possibly faces a shortage of three quarters of a billion bushels of wheat."

Colored Husband Is Charged With Wife Beating and the Like

Joe Watson of Darktown was arrested last night by Sheriff Duncan on the charge of beating up his wife, Ophelia Watson, with malice aforethought and a rocking chair. It seems that dissensions had arisen in this colored family and in order to gain the upper hand and establish his position as head of the family Joseph proceeded to requisition a piece of mahogany and to belabor the fair Ophelia most powerfully. His preliminary has been set for hearing in Justice Brown's court next Tuesday.

Severe Fighting in Progress.

By the Associated Press

VLADIVOSTOK, May 1.—Severe fighting is in progress at Chita, between the forces of Admiral Kolchak's army and the opposing bolshevik forces, according to reports from Russian forces. The Japanese are declared to be supporting the Kolchak forces.

John Garrison, superintendent of the school at Fitzhugh, was in the city yesterday on his way to Shawnee and Tecumseh on business.

ANNUAL MAY-DAY STRIKE IN EUROPE

CONDITIONS IN EUROPE CHAOTIC STRIKES AND RUMORS OF STRIKES ARE RIFE IN MANY LANDS.

The approach of May day, the traditional date for strikes and labor demonstrations in Europe finds the continent in a condition of ferment, with prospects of a general 24-hour strike in Paris, threat of a general railway strike throughout France and disturbed conditions in most European countries.

May day in Europe is vastly different from May Day in the United States. While in America labor unions make no special effort to enforce their demands on May day those of Europe have always regarded this as a favorable date for demonstrations and strikes.

The situation in France appears to be more threatening than elsewhere on the continent. Labor leaders in Paris will attempt to "stop everything but the clock" for 24 hours on Saturday, May 1, as a demonstration against present economic conditions. The labor situation was made more perilous there by decision of the congress of French railway workers to call a general strike in France to enforce revolutionary demands. The success of this strike depends, however, upon cooperation by the general

federation of labor, the conservative wing of the French railroad organization.

All branches of syndicalist labor in Belgium except the railway men have been called upon to take part in the general 24 hour strike on May 1. So far as known here no special demonstrations have been prepared for May day either in Spain, Germany or Italy. Several Italian industrial centers have been the scenes of numerous strikes during April, some of which are continuing. This situation generally prevails in some Spanish cities. The labor situation throughout Germany has been in a disturbed condition since the Kapp revolution but no special demonstrations have been called for May day. Seventy thousand industrial workers have been on a strike in Vienna but there has been nothing to indicate renewed demonstrations in Austria on May day.

The News Bible Lesson

Psalms 34:1-8.

I will bless the Lord at all times; his praise shall continually be in my mouth.

My soul shall make her boast in the Lord: the humble shall hear thereof, and be glad.

O magnify the Lord with me, and let us exalt his name together.

I sought the Lord, and he heard me, and delivered me from all my fears.

They looked unto him and were lightened: and their faces were not ashamed.

This poor man cried, and the Lord heard him and saved him out of all his troubles.

The angel of the Lord encampeth round about them that fear him, and delivereth them.

O taste and see that the Lord is good: blessed is the man that trusteth in him.

WOMEN OF MIDDLE AGE

May Pass the Critical Period Safely and Comfortably by Taking Lydia E. Pinkham's Vegetable Compound.

Summit, N. J.—"I have taken Lydia E. Pinkham's Vegetable Compound during Change of Life and I think it is a good remedy in such a condition. I could not digest my food and had much pain and burning in my stomach after meals. I could not sleep, had backache, and worst of all were the hot flashes. I saw in the papers about Vegetable Compound so I tried it. Now I feel all right and can work better. You have my permission to publish this letter."

—VICTORIA KOPPL, 21 Oak Ridge Ave., Summit, N. J.
If you have warning symptoms such as a sense of suffocation, hot flashes, headaches, backache, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness, inquietude, and dizziness, get a bottle of Lydia E. Pinkham's Vegetable Compound and begin taking the medicine at once. We know it will help you as it did Mrs. Koppl.

AMERICAN DAY IS CELEBRATED

By the Associated Press

TOPEKA, Kan., May 1.—Kansas today is celebrating its first American day, in keeping with a proclamation issued by Gov. H. J. Allen, to counterbalance the custom of European "reds" to devote the day to anarchical demonstrations. Cities and towns throughout the state have arranged patriotic demonstrations and parades for the day's program. Posts of the American Legion, National Guards, Spanish War veterans, G. A. R., school children and organizations of every nature are urged by the Governor to participate in the celebration.

In his proclamation, Governor Allen said:

"An organized group of radical agitators is threatening the foundation of organized society. This government, of the people, by the people and for the people, is on the defensive. The principle of majority rule may be endangered at this hour unless that unmistakable majority organizes for protection. The vicious element among the unassimilated aliens, in spite of the large element of loyal American labor who believe in upholding the laws of our country, constitute a menace to Anglo-Saxon institutions. Recently this group has transplanted in America the policy, long in vogue in Europe, of making May 1, a day given over to parades of irreconcilable radicals. To the end that the people may have the opportunity publicly to demonstrate their Americanism and their determination to uphold it against the vicious assaults or radicalism and internationalism, I hereby set aside, Saturday May 1, 1920, as American day, and recommend that the day be observed in all the cities and towns of Kansas."

Resolution

Whereas, the Board of Education of the City of Ada, of the State of Oklahoma, a body corporate and duly organized and existing as the corporate authority of the city school district comprising said City of Ada and the outlying territory annexed thereto for school purposes, has determined the assessed valuation of said Board of Education for the fiscal year beginning July 1, 1920, and ending June 30th 1921, is not sufficient by a levy of five mills to create a fund sufficient to provide the funds that will be required to be raised by taxation for the support and maintenance of the schools controlled by said Board of Education for the said fiscal year; and,

Whereas, it has been determined that an additional levy of 10 mills will be required for such support and maintenance;

Now, Therefore,

Be It Resolved, by said Board of Education that a special election be called for the purpose of submitting to the qualified voters of said school district, comprising said city and territory annexed thereto for school purposes, the question of increasing the levy of said school district in the amount and for the purposes as above set forth.

Adopted and approved this 21st day of April, 1920.

L. T. WALTERS,

President Board of Education of the City of Ada, of the State of Oklahoma.

Attest: Mabel Browall, Clerk.

Election Proclamation

Under and by virtue of a resolution, passed by the Board of Education, of the City of Ada, State of Oklahoma, at a meeting held on the 21st day of April 1920, public notice is hereby given: That, That a special election is hereby ordered and proclaimed to be held in said school district, comprising said city and the territory annexed thereto for school purposes, on the 11th day of May, A. D. 1920, for the purpose of submitting to the qualified electors of said school district the following proposition:

Shall the levy for the fiscal year beginning July 1st, 1920, and ending June 30th, 1921, for the support and maintenance of the schools of the Board of Education of the City of Ada, of the State of Oklahoma for said fiscal year, be increased above five mills by the amount of 10 mills so as to meet the estimate made and approved?

The Polls shall be opened at 6 o'clock A. M. and closed at 7 o'clock P. M.

The number and location of the polling places shall be as follows:

First Ward—City Hall, Police Court Room

CARNEGIE FUND GIVES REWARDS

MANY RECEIVE PRIZES ON MAY FOR UNSELFISH SERVICES FOR THE BENEFIT OF OTHERS.

By the Associated Press

PITTSBURGH, May 1.—One silver medal and 11 bronze medals were awarded to heroes today by the Carnegie Hero Fund commission, in recognition of noteworthy acts by men and women who sought to help others at their own peril. Five of them died, while two were disabled. To these last the commission made monetary grants, \$2,000 and \$804 month in one case and \$1,000 in the other. The commission also awarded \$5,000 for other worthy causes.

The five who lost their lives were: R. William Donaghy of 6102 Callowhill street, Philadelphia, who was drowned while trying to save a young man from death in Elk river at Towpoint, Md., August 31, 1919; David M. Prince, 21 East Pine street, Goldsboro, N. C., drowned while trying to rescue a boy from a flooded road near his home, July 26, 1919; Frank J. Nagel, East 1004 Walton avenue, Spokane, Wash., drowned while trying to save a child from the north branch of the Crow river at Kingstown, Minn., July 23, 1916; Paul K. Benedict, age 14, drowned while trying to save a younger boy from a creek at Hampton, Pa., June 26, 1919; William F. Carroll, 1717 Linden street, Brooklyn, N. Y., age 15, drowned while trying to rescue another boy Sept. 21, 1919.

The silver medal went to Frank W. Roberts, chief engineer of the Masonic home at Elizabethtown, Pa.,

AS TO THE MONROE DOCTRINE

One warmest argument against the league of nations and probably one of the most effective in turning the senate against the covenant was that the adoption of the league of nations would nullify the Monroe Doctrine. This argument was advanced day after day for the entire 253 days during which the senate lambasted the treaty brought back from overseas.

But for some reason not easily understood the nations most vitally interested in the preservation of the Monroe Doctrine are strongest for the league of nations. Nearly every nation in South America has ratified the treaty and asked for membership in the league. What they think of the Monroe Doctrine and what they think of the league does not appear on the surface, but judging from recent performances there can be no doubt that they think mighty well of the league.

The Monroe declaration followed fast on the heels of the treaty of Verona, which Monroe believed a leagued threat against the liberties of the South American peoples. His doctrine in brief was that no European nation should exploit a South American country and that the United States would thresh any European nation violating his doctrine. For nearly a hundred years the people of America have guarded that doctrine jealously, believing all the time that the doctrine was for the benefit of the South American countries first and the United States afterwards. For almost a century we have stood guard under the Southern Cross, feeling that we were courting danger for ourselves in order to protect weaker nations from European rapacity. We have been all swelled up over our chivalrous conduct.

Then the league of nations gets before congress, and the senators grow vehement over the threat to the Monroe Doctrine they claim to see in the covenant. They vow by all saints national and international that they will never compromise our southern neighbors by adopting a covenant that threatens to vitiate the doctrine of Monroe. For this reason and others they reject the covenant. Then the nations of the south with practical unanimity adopt the covenant that we through friendship for them have rejected.

It is a puzzling situation. Do the South Americans fear the aggression of the United States more than the aggression of Europe? Do they consider the Monroe Doctrine a danger to themselves and their national aspirations, and seek protection from that doctrine by joining a world league to enforce the peace? Do they believe a world league is necessary to protect them from the doctrine's enforcement? Or have they simply read the league of nations and understand that the American senate was seeing ghosts when it claimed to see a menace to the Monroe Doctrine in the ratification of the league covenant?

If the countries below the canal had unanimously rejected the league covenant, it would have lent tremendous support to the senatorial contention. But having accepted the covenant almost unanimously it makes the position of the American senate appear ridiculous indeed.

Out in Wyoming an undesirable citizen was sentenced to publish a newspaper for thirty days. The supreme court reversed the decision of the lower court on the constitutional ground that no cruel or unusual punishment shall be inflicted.

Two times in one short speech in the senate the other day Senator Reed referred to his opponents as "idiots." As his opponents were all United States senators we are not prepared to deny his allegation.

A news story in the Oklahoman says Tishomingo is noted for its raw material. As every one knows Tishomingo is the home of Rube Geers and Bill Murray.

No doubt the adoption of Governor Robertson's \$75,000,000 road plan would be a fine thing for Oklahoma. So would the millennium.

SHE'S FRENCH FROM TIPS OF HER SHOES TO HER COIFFURE

By ELOISE.

Milady can be French in every detail of her wardrobe, if she so desires this spring. The French vamped shoes which have been slowly but steadily climbing to an accepted place in the fashion world are now quite established and everybody who would be ultra-fashionable is asking for these short vamped, one eyelet slippers. Then there is always an abundance of French hand embroidered lingerie in the shops. Now the French frocks are becoming popular and we see many of these very short-skirted, short sleeved, low necked little gowns which bear an unmistakable Parisian stamp upon them. And last but not least there is the Parisian coiffure which milady adopts for her more formal occasions.

Here is an illustration of the American girl who affects French clothes. She is not only fashionable in her choice but she is becomingly dressed. Her little patent leather ties are very dainty for afternoon and house wear. The blue taffeta frock, while it is very plain and simple, is very French with its short skirt and short sleeves. Gold silk faces the sleeves and gold trimming finishes the neckline. This bit of color contrast and the draping at the hips are the only evidences of trimming on the whole frock. The hair is arranged low over the forehead and over the ears, parted in the middle and drawn back into a soft knot at the back of the head. It is curled and waved much more than the ordinary American coiffure is.

G. O. P. RACE IS AT A DECISIVE STAGE ON MAY 4

WASHINGTON, April 30. — Two candidates, Herbert Hoover and Senator Warren G. Harding, next Tuesday will reach a decisive stage in their respective campaigns for the republican nomination at Chicago, according to non-partisan opinion here.

Hoover and Senator Hiram Johnson will fight it out in the primaries of their native state of California, while Senator Harding will come to grips on the same day with both Johnson and Maj. Gen. Leonard Wood at the Indiana state convention.

As a sort of preliminary Wood and Johnson will match their strength Monday in Maryland, on which day the state-wide primaries will be held. Johnson has swept across the state in a whirlwind stump tour and on Saturday Sen. William E. Borah of Idaho, will wind up the Johnson campaign in that balliwick by a speech at Baltimore.

The main centers of republican interest, however, are further west. The three cornered fight in Indiana has been and still is of the "no-quarter" kind and when the smoke of the state convention clears next Tuesday there may be one of the two candidates missing. In republican circles it is felt that Senator Harding's candidacy will receive its crucial test on that day and he will enter the fray somewhat handicapped by the small plurality obtained by him over the field in his own state—Ohio—as revealed by the count of yesterday.

Senator Borah is now stumping Indiana in behalf of Senator Johnson. His tour will be brief, however, only four speeches being in his date book—at Gary, Indianapolis, Terre Haute and Fort Wayne. After addressing the voters of the last named place he leaves for Baltimore to be in the finish in Maryland.

General Wood, according to his Washington headquarters, will in all likelihood return to Indiana before the final round there.

Herbert Hoover is not officially entered in the Indiana contest. However, and notwithstanding the former food administrator will not go without his fight next Tuesday. He will have a man's size job on his hands in California in a state-wide primary he and the other native son, Hiram Johnson, have the entire landscape to themselves.

ATTEMPT TO SHOOT NIAGARA FALLS IN BARREL PLANNED

By the Associated Press

LONDON, April 30.—An attempt to shoot Niagara Falls in a barrel will be made this summer by a Bristol hair dresser named Charles G. Stephens. He will leave for Quebec on June 18 and intends to make the attempt early in July.

Stephens has gained fame in the west of England by his dare-devil exploits. He kissed a lion in its den and shaved customers in the cage. He is 56 years old.

He will be strapped in a barrel made especially for the adventure by a firm of submarine engineers. Its weight is 230 pounds, with 100 pounds additional in the bottom to keep the barrel upright in the water.

WASHINGTON, May 1.—Senator McCormick's bill to establish a national budget was passed today by the senate and goes to conference.

Says Race Suicide Is Greatest Menace To Oklahoma Now

Oklahoma's greatest menace is race suicide!

This is what the census reports of the state will show when final results are given out officially, according to unofficial reports from every district of the state. While census supervisors and enumerators are not allowed to give out figures as to the enumeration, personal observations and a summing up of the general situation is not for bidden.

Not only in the cities is race suicide very marked, but the rural districts show a slump in the number of children. City families, however, are credited with the greatest part of the decrease in children.

In the Eighth district, where conditions in the small cities and on the farms are on the highest scale in the state, with the smallest percent of illiteracy and ignorance, the lack of children is most marked, according to C. H. Hyde, who is district supervisor, and has made a close study of the district.

Few Children Found.

In many instances as low as six children under the age of ten years may be found in 100 population, and many other communities will show from ten to twelve children that age in every 100 population.

This condition is especially noted in the western half of the state, similar reports coming from the seventh district. Other districts are but little better than these two reports show.

Six should be the average number in a family, according to a statistician, and the per cent of children under one-third per cent. Oklahoma will show approximately 10 per cent according to these figures.

Oklahoma's foreign population must be relied upon to furnish the next generation, it is shown, since the lack of children is not noted in families where the mother is Scandinavian, Dutch, German, Austrian or Italian. Farm families are next in number of children, while the wealthy class living in cities, are practically childless.

Farmers Discouraged

In the fifth district, it is said, that many rural townships are not expected to show even the total population reported in the last census, ten years ago. Hundreds of farmers have left the land and moved to towns. It is said not enough hogs are raised on the farms of the district to supply the demand at home.

One of the reasons for this is said to be that the working class has more convenience and luxuries than the farmers. The farmers feel this keenly, and is inclined to blame the city people and especially organized labor for the cutting down of hours of labor and production, thereby laying a heavier burden upon the farmer to increase his production to meet the demand, with prices not increased proportionately.

While farmers are shown to be more wealthy, the mortgage debt has also increased. In some districts it is noted that only six farms in a whole township are being farmed by the owners, free of mortgage.

Congressmen Will Discuss Sale Tax.

By the Associated Press
WASHINGTON, May 1.—Elimination of the sale tax provision of the soldiers' relief bill will be discussed at meetings late next week of the house ways and means committee.

The call for sessions was issued today by chairman Fordney. This decision was the outstanding development today from last night's conference of house republicans, at which bitter opposition to the sale tax was expressed.

While the date of final action of the relief bill is indefinite, committee men said that Mr. Fordney expected to remodel the bill and have it passed by both house and senate this season.

Attention Please!

Let's you and I discuss the matter thoroughly. Have you ever read the ads in this space and wondered if the author of them was really sincere? Have you ever entertained the idea that I was "four-flushing" and not adhering strictly to an honest advertising policy in my several compositions? Have you ever once believed that my announcements were exaggerations? If so, you were terribly wrong. For, is it reasonable to suppose that there should be a just cause in my endeavoring to persuade you to believe an untruth? When a business is so very much superior to any other of its kind in the country, when none others for miles and miles around can possibly equal its marvelous value and incomparable worth, tell me please what necessity is there for any exaggeration? When a business like ours is so far advanced of the old time ideas and theories that it is difficult to even detect a resemblance what would be the use in overstepping the mark? And again, when a business manages to attain that height of stupendous superiority, is it not time that you were considering the benefits of that particular institution? Is it a sensible plan for you to go on and continue to patronize the establishments conducted under a policy of "wash-tub" ideas, when we were in your midst proudly floating a flag of victorious colors, and offering you the unequalled services of an invincible institution, great grand and magnificent? I could talk for months and months trying to convince you. But what is the use? I'm going to give you credit for having enough common sense to refrain from placing yourself in a deplorable condition by casting your lot with those who are indifferent. While you are deciding which is best we are here working and toiling, giving the best service and the greatest satisfaction to those who have already wisely decided.

CHARGES AGAINST M'GUIRE ARE LURID

By News' Special Service

TULSA, Okla., May 1.—Charging that upon numerous occasions during the fall of 1919, Bird S. McGuire, former congressman from Oklahoma, "desecrated and debauched their home, and violated every sacred, divine and statutory law, by taking into their home in her absence a number of low grade immoral women for immoral purposes," Mrs. McGuire filed petition for alimony in the Tulsa district court here today.

She does not ask divorce but her home, division of property and permanent alimony maintaining in the petition that "the wrongful, unlawful and immoral acts and conduct of the defendant" caused them to separate on October 23.

The petition declares that the defendant "spent considerable of his time and money upon and in entertaining other women, that he wrote and received secret letters from them, and that some were of questionable character and others of bad, lewd and immoral reputation."

One Woman Named.

Mrs. McGuire declares in her petition that she does not know all the women defendants taken into their home. She names Mrs. Ruby Williams-Teague-Smith, who she says remained at their home almost the entire summer and conducted herself as mistress of the house.

Mrs. McGuire maintains her husband has not contributed to her support since January of this year, that he gave her only a box of candy for a 1918 Christmas present and refused to take her out to dinner that day, alleging he could not afford it, that he threatened to sell their home in Tulsa, notwithstanding she claims to have furnished considerable money towards its construction and equipment; that he told her "he wanted a divorce," and that he told her that "if you come back to Oklahoma this fall it will be hell for you."

Mrs. McGuire was formerly Miss Ruby Ridgeway of Kansas City, Mo., where her father was principal of the high school for a long term of years. She and McGuire, then congressman, were married there on January 3, 1911, lived for three years in Washington D. C. and in Tulsa since 1915, where he is a practicing attorney.

MRS. A. L. WILDRICK TELLS OF RECOVERY

Says She Spent Half of Her Time in Bed From Sheer Weakness and Could Not Get Relief Until She Took Tanlac—Gains 15 Lbs.

The following remarkable statement was made recently by Mrs. A. L. Wildrick, a well known and highly respected resident of Los Angeles, Calif., living at 222 North Alvarado Street. Mrs. Wildrick is 69 years of age and is the mother of seven children. Her photograph appears here.

"For the past year or more," said Mrs. Wildrick, "I have been in very poor health. I suffered principally from chronic indigestion and my condition was so bad I had to spend half of my time in bed from sheer weakness. In spite of all the medicine I took I could not possibly get any relief and I became so nervous and unstrung that at times I could hardly realize what I was doing. I just had no appetite at all and suffered terribly nearly all the time with indigestion and was really in a very bad way physically. If I did eat a little something I would always have a miserable, distressed feeling afterward and I tell you I was going down hill pretty fast.

"Well, I just can't find words to tell you how really bad off I was and also to tell you what Tanlac has done for me, for I feel as well now as I ever felt in my life. Why, after taking only three bottles of this medicine I have actually gained 15 pounds in weight and everyone tells me I am looking better than in years!

"Since I have been taking Tanlac I have found out that several of

Mrs. A. L. Wildrick, Los Angeles, California.

my intimate friends are also taking it and everyone of them are delighted with it. I am surely glad to recommend Tanlac and help spread the goodness of this medicine. Yes, I want you to use my photograph, too, so that all my friends may see how well I am looking. Anyone who could see me now after seeing me only a few weeks ago would be convinced that Tanlac must be a really wonderful medicine."

Tanlac is sold in Ada by Gwin & Mays Drug Co., in Stonewall by L. P. Carpenter, in Francis by Francis Drug Co., and in Roff by Dowdy's Pharmacy.

AT THE CHURCHES

What About the End of the World?

In the sixteenth sermon on the Book of Revelation which C. V. Dunn, minister of the Christian Church, will preach Sunday evening, he will discuss the question of the end of the world. He will also tell what the Bible means by a new heaven and a new earth. Is this globe on which we live to go out of existence? What does the Bible

mean when it says that the heavens will be rolled back as a scroll? Are all things material to be done away and only the spiritual remain? Or is this world to be renovated and made a fit habitation for the people of God? These questions will be answered Sunday evening. This sermon will be the last of the sixteen sermons on this wonderful book. One more sermon will be preached

bringing the whole book together and presenting its wonderful prophecies in one grand panorama. The public is very cordially invited to hear these remaining messages.

C. V. DUNN, Minister.

First Baptist Church.

We had the smallest Sunday School last Sunday we have had in the last twelve months, but we can't kick because it rained right up to and through the Sunday school and church hour and despite that fact we had a fairly good congregation. A day like that certainly tests the metal of people and the pastor was highly gratified at the result.

We are hoping to have a record breaking attendance at all services tomorrow. Sunday school will begin promptly at 9:45. Lets make it unanimous and all the old members of the Sunday school be present and bring a new pupil with you.

The morning hour for worship is 11 o'clock. We are to have an innovation at that time when Dr. A. Lichtenstein, a Christian Hebrew will preach. His subject will be, "Christian work among the Jews of America, Jerusalem, and Russia."

The Sunbeams will meet at 3 o'clock in the afternoon, with Mrs. J. T. Emry in charge.

The two Juniors will meet at 4:30 in the afternoon, and Mrs. Dr. Webster will be in charge of one section and Miss Lena Ragsdale will be in charge of the other.

The Senior B. Y. P. U. will meet at 7 o'clock. All the young people are cordially invited to be present.

At the evening hour Dr. Lichtenstein will again speak and his subject will be, "The Jewish Passover." At this service Dr. Lichtenstein will dress in garments similar to those worn by our Lord when He celebrated the last passover.

The public is cordially invited to hear these messages from the servant of God. Dr. Lichtenstein has been preaching the gospel of Jesus Christ among the Jews, as a Baptist minister for 35 years, and has been able to accomplish a wonderful work.—Clyde Calhoun Morris, Pastor.

EDISON MESSAGE NO. 69

Our selling prices on The New Edison, (including war tax) have increased LESS THAN 15 per cent since 1914. We hope it will not be necessary to make further increases in our prices, but, should we be forced to do so, the prices which we establish will be such as, in our opinion, will be "right" for many years to come.

During the period of inflation we have foregone large profits, which we might easily have made. We have absorbed more than 50 per cent of the increased cost of manufacture. We believe that this policy is appreciated by the public and that it will be particularly appreciated by our dealers, when deflation sets in.

The Wall Street Journal might very well have had us in mind, when it recently said: "While these corporations are probably not making as much money as others, they are building up good-will, which will undoubtedly stand them in good stead later on."

(Signed) THOMAS A. EDISON, INC.
Orange, New Jersey.

The above message appeared during the week of April 18-24 in all the large musical magazines and we are copying it for the benefit of those who believe that the prices on the New Edison have advanced like most everything else in way of musical instruments have, as well as all other commodities.

When you can get the very best there is on the market, without having to pay the dealer an excess profit, why hesitate as to what phonograph you will buy?

SHAWNEE MEN IN VISIT BYNG

SUMPTUOUS MEAL SERVED TO VISITORS IN "BUNK HOUSE;" ENTIRE WORKING OF PLANT EXPLAINED.

Shawnee News:
Mayor F. W. Watts and the members of the city council showed their appreciation of the fact that a first hand investigation of municipal affairs is necessary to an intelligent handling of them, by taking the time to make a personal visit to the electric light plant at Byng yesterday. Besides the mayor and the members of the council, several ex-members and special guests to the number of about thirty people, were guests of Manager H. C. Estberg and associate officials of the Shawnee Gas and Electric company for the day.

The party left Shawnee at nine o'clock in five automobiles, making the fifty mile trip in a little over two hours. The country is never prettier than at this time of year, and the trip was in every way delightful. The road to Byng is perhaps one of the best in the state, and at the present time is in splendid condition, neither dust nor mud, and except for a rather high wind, the day was perfect, and all who went felt well repaid for any personal sacrifice that might have been involved in the neglect of regular daily duties.

Byng is about five miles this side of Ada on the Katy in Pontotoc county. A corner of Seminole county is crossed in making the trip, the road passing through Asher and Konawa. The impression is rather general that there is nothing at Byng but the light plant, so that when the town rather suddenly appeared in view, one is somewhat surprised. The most impressive edifice in Byng is the smoke stack of the plant which is nearly two hundred feet high. South and east of the plant is the town proper, which consists of twelve or fourteen very modern looking residences of the bungalow variety, where the married men of the plant live with their families; the company houses including the "bunk house," where the single men eat and sleep, the filtration plant back of the plant proper, a general merchandise store and a number of other buildings making quite a sizable miniature city. The thing that impresses the visitor most is the cleanliness of the place, and perhaps next, the fact that there is more electricity used there per capita than in any other municipality in the United States. No meters are used, by the way, which is perhaps the reason rather than the cost of the quantity of electricity available.

In spite of the candy and gum and cigars which were liberally distributed in all of the cars, every member of the party arrived in Byng with a ravenous full man's size appetite. No one doubted that there would be plenty to eat, but where it was to come from was the subject of considerable speculation on the side by the guests. Some thought a picnic lunch would be served, others that the party would be taken to a restaurant at Ada, but no one even suspected what really happened.

Real Feast Provided.
Harry Plate, who was formerly with the company in Shawnee, is superintendent of the Byng plant and when the big whistle blew announcing the noon hour, he conducted his visitors, which made no small procession, to the "bunk" house. The sight which met their eyes was as surprising as it was welcome. Three long tables were very properly set with covers for the entire party, and if ever tables had an excuse for the proverbial "groaning," they were "it." Baked chicken with dressing, vegetables, four kinds of salad, olives, pickles, cake, pie and fruit were provided in such abundance that when the hungry crowd had finished, there was more than enough for as many more.

John W. Jones, never at a loss to rise to any occasion, very eloquently expressed the gratitude and appreciation of all present for the splendid feast and pleasant outing, and then introduced J. D. Lydick, attorney for the company, who gave a comprehensive outline of the aims and purposes of the company in its present plans for improvement and expansion. Mr. Lydick said in part: "A little more than a year ago, the electric plant at Shawnee was dilapidated. The Byng plant was only half complete. Shawnee was in semi-darkness. The war had elevated prices of labor, machinery and material—had made it almost but not quite impossible to obtain. The owners of these plants were facing financial conditions which they were unable to overcome. Darkness stared us in the face. Our citizenship was righteously indignant. This feeling was exaggerated by the fact that the company had given the people, in past years, entirely too little consideration and had aroused a most righteous indignation against its general conduct of affairs.

"Service First," Demand of People
The company applied for a raise in rates, as the old pre-war rate was still in force in Shawnee and was insufficient to produce even operating expenses under the advanced cost of material, labor and supplies. Our people asserted their rights. We demanded the immediate rebuilding of the Shawnee plant, the completion of the Byng plant, the creation of a service department in charge of a Shawnee man, selected by Shawnee people, a modification of many unjust rules the company had been following, in fact, that the company be "humanized" and conducted like a private business is operated. Most fortunately, the company had just changed hands. We found the new owners to have the same ideas of all these things as we had. They readily and heartily agreed to all we asked. The application for a raise in rates was withdrawn; M. C. G. England, a pioneer citizen of Shawnee, upon nomination by the Hon. Frank Urban, councilman from the sixth ward, was appointed service manager. The Byng plant is perfected, one of the great in the state. It lies before you. It is being rapidly enlarged. It will eventually light every city and hamlet from Shawnee to Durant, from Durant to Ardmore and from Waurika to Shawnee and furnish power and light to all cotton gins, mechanical enterprises and many farm homes in all that intervening territory. It will be a great benefactor to the state. The Shawnee plant will reach the completion of its rebuilding at the close of the month now being ushered in. With each of these plants as auxiliary to the other, Shawnee has a dual situation at little more than a year ago, it will be the most fortunate in the state.

Shawnee Doubly Fortified.
Only the breaking down of the two great plants at the same time, can they destroy our lights. Nearly a hundred thousand dollars has been expended at Shawnee and more than two hundred thousand dollars at Byng, while labor, material and machinery have been the scarcest and highest in the history of the world. The mayor and council of Shawnee are completing a big filtering plant. It is the greatest improvement ever given our city. It will be the pride of our people and a monument to the ingenuity and success of Mayor Watts and the administration of the council which has assisted him. These gentlemen well know the great cost and perseverance required in construction work at this time. All these things the new owners of the electric light plant have done under the old pre-war rates of nine cents per kilowatt for electricity while there is not another city in the state situated on par conditions for rates with Shawnee with a rate less than fourteen cents. Independent of the cost of the improvement, it has cost the company in Shawnee a great many thousand dollars to operate the plant during this period of reconstruction than the revenues received.

Heavy Losses Sustained.
The loss sustained by the company is heavy, but the owners have borne it without a murmur. They agree with us that service is first. They merely ask for credit for doing their duty and doing it well. We are sure that H. C. Estberg as general manager and C. G. England as service manager, have conducted the company's affairs in a manner most accommodating toward our people. Every desire of the city administration is quickly heeded. Every possible deserving wish of the patrons is granted. The company's most private affairs are daily kept open to the city administration. The greatest ambition of the company's officers and managers, is to serve well, to please, and, in harmony with you all, to succeed. They know that such

conduct of affairs will procure from the people a like return. In the people's ultimate judgment they rest, confidently secure. We appreciate beyond expression, your presence as our guests. We know you are proud with us of the great plant before you, and of the company's great success reached under such trying difficulties."

Mr. Jones next called on Manager Estberg who gave a brief explanation of the mechanical workings of the plant, so the visitors might better understand just what was going on when they inspected it. Among other interesting facts, Mr. Estberg brought out was that the transmission line was eighty miles in length, extending north and south, with branches covering about eighty more miles.

Adams and Mayor Talk
Councilman T. D. Adams made a brief talk thanking Mr. Estberg and his associates for the courtesies extended, and expressing the appreciation of all present for the elegant feast served. Mayor Watts when called upon, said that he had seen in the brief inspection made previous to the serving of dinner, and learned from the talks of Mr. Lydick and Mr. Estberg as to what the plant had already accomplished and proposed to do, he wished that all citizens of Shawnee might visit the plant and realize its magnitude and appreciate the facilities it had at hand to provide efficient and superior service.

Plant is Inspected.
After dinner the main inspection of the plant was made and even to those who did not know a condenser from a generator or a turbine from a boiler, the experience was most interesting and the magnitude of the plant was deeply impressed upon them.

The plant is on the "Big Sandy," one of the most dependable streams in the state. In fact that is the reason for the plant being located there. Even in the very driest seasons, the water is from six to seven feet deep at this point. The plant is about three times as large as the plant at Shawnee, having two turbines of 2,000 kilowatts each. One of the turbines was recently completely rebuilt and is one hundred per cent efficient and the other is undergoing extensive repairs and will be in the same prime condition when completed.

The party made a thorough inspection of the plant with its five enormous boilers of 2,000 horse power; the pump pit, the filtration plant where all the water used in the boilers is made fit for the purpose; the three circulating pumps with 150 horse power motor, and all the many other relative auxiliaries.

The start home was made at

three o'clock the party reaching the city at five thirty. Those making the trip were:

H. C. Estberg, general manager of the gas and electric company; C. D. Reasor, mechanical engineer; J. D. Lydick, company attorney's Miss Violet Zeigler, attorney's private secretary; Hon. F. W. Watts, mayor; Hon. Wade Willard, president of council and councilman from first ward; Hon. Tom Adams, councilman from fourth ward; Hon. E. G. Cummings, councilman from fifth ward; Hon. Frank Urban, councilman from sixth ward; Hon. Joe Cobb, ex-councilman from second ward; Hon. A. J. Cammack, retiring councilman from sixth ward; Mort Roberts, and Mr. Boyle, mechanical engineers in charge of the construction of Shawnee filtering plant; Mrs. H. S. Townsend, Morning News; Miss Mollie Jerni gan, of the Semi-Weekly Herald; Otis B. Weaver of the Semi-Weekly Herald and Postmaster of Shawnee.

Special guests were Mrs. J. D.

Lydick, Mrs. W. O. Deason, John W. Jones and Ike Daniels. Mr. Estberg and Mr. Reasor furnished their cars and driven by the three Epperson brothers.—Saturday's Shawnee News.

With the Women of Today

By Edith Moriarty.

Mrs. Eleanor Howland Wembridge, formerly dean of women at Reed College, Oregon, is a living example of the theories which she advocates. Mrs. Wembridge is a supporter of the woman's movement which she describes as "the philosophy of life which asserts that women have rights and obligations other than those relating to their families."

She further explains the term

"woman's movement" as meaning the combined forces of all the movements among women, which point to her progress towards independence, social responsibility, education, family betterment, professional training, industrial freedom, a fuller realization of her duties of citizenship, religious sincerity and tolerance.

Mrs. Wembridge, whose husband is a successful engineer, has always

had some serious work and interests outside her home. Where the best work is to be done there the family goes whether the job is for the engineer or the leader of women. Mrs. Wembridge urges that women train for some work which they may carry on after marriage. She also urges that married women give a few hours a day to some work outside the home. There are thousands of schools closed now because teachers cannot be found and there are thousands of married women who have been successful teachers. There is no reason why they cannot arrange to give some of their time to teaching, is the opinion of Mrs. Wembridge, who has done it.

"One thing which prevents women from doing outside work, however, is the plain matter of food. This could be solved by the establishment of community kitchens which deliver cooked food to the homes," is another of Mrs. Wembridge's very advanced ideas and she is full of many more progressive suggestions. "The woman with a conscience should give the world a great program for a new professional and family life and every woman might well adopt the motto: 'I am a woman, I count nothing human alien to me.'"

Policewomen for Japan.

The police headquarters of Shikoku, Japan, according to a word received in New York, has a plan for employing female constables, and the scheme has been laid before the Home Office authorities. If the desired permission be given a few policewomen will be employed by way of experiment. Their chief work would lie in the caring for stray children and the taking of the census. The authorities seem to give preference to the female members of the male policemen's families in the choice of these new constables.

SOCIETY

Miss Leota Brown was honored with a surprise birthday party last night at the home of her parents, Mr. and Mrs. W. E. Brown, 631 East Thirteenth street. About 30 of Miss Brown's friends gathered at her home to congratulate her and enjoy an evening of fun. Games were played after which refreshments were served and an evening of extreme pleasure was had.

Delphian Club

The Delphian club met in the parlors of the Harris Hotel Tuesday afternoon in one of the most interesting sessions in the history of the club.

Mrs. Robert Wimbish conducted in a very able manner, the study of Greek drama. Two of the leading Greek dramatists, Sophocles and Aeschylus and some of their best works were the topics of study. Mrs. Wells gave a review of "Prometheus Bound," Mrs. Granger reviewed "Edipus the King" and "Antigone," Mrs. Hickman reviewed "The Persians," Mrs. Haynes gave a very good description of the appearance and construction of Greek theatres. Mrs. Lasater told about scenery, costumes and accessories. —REPORTER.

Birthday Dinner.

A delightful dinner was served Friday noon at the home of Mr. and Mrs. John A. Cowling in honor of the seventy-sixth birthday of Mr. Cowling's father, A. F. Cowling. In addition to Mr. and Mrs. A. F. Cowling, children and grandchildren, many friends were present.

At 12:30 o'clock all were assembled in the living room where Mr. Cowling read a letter prepared by him to be left to his family. Rev. C. C. Morris read a letter from himself and wife, in which he congratulated Mr. Cowling on his many years of service in this world. Prayer was offered by Rev. Morris and the family and guests were invited in to the big table of delicious refreshments.

The following members of Mr. Cowling's family were present: J. A. Cowling and family, A. D. Cowling and family of Frisco, Mrs. John McKinney and family of Ada, and Mrs. V. E. McGowan of McAlester. The additional guests were Mrs. Eugene Sheppard of Cowlington, Ark., Rev. C. C. Morris and wife of Ada, Rev. R. E. L. Ford and wife of Ada, Rev. Coffee of Fitzhugh, and Miss Bessie Waite of Ada.

Mr. A. F. Cowling came to Indian Territory 44 years ago from southern Arkansas and has lived in this part of what is now Oklahoma ever since. He has made friends by the thousands who rejoice in the fact that he has been permitted to live to a ripe old age. He and Mrs. Cowling will leave tonight for Marlin, Texas, for the benefit of their health. They will probably remain in the Texas city the greater part of the summer.

Mr. Cowling is the last member of his family, his other three brothers and sisters having already gone to their reward.

Pledges Entertain.

On Wednesday evening at eight o'clock the Phi Beta pledges entertained the visitors of the society at the home of Mrs. J. F. McKeel. When the guests arrived they were shown into the living room which was beautifully decorated and while the fire burned low and the lights gave only a soft glow, they listened to the strange things that the future had in store for them. When every one had heard all that which is yet to come, they arranged themselves at the tables for cards.

After several games of cards they were then led into the dining room which was elaborately decorated with red and white carnations. The refreshments were small cakes and strawberries. The music during the serving of refreshments added greatly to their enjoyment. They departed for their homes declaring that the pledges were very charming hostesses.

The guests were Frances Campbell, Galen Oliphant, Abbie Kitchens, Lois Heard, Pocahontas McCarty, Ophelia Gray, Esther LaMar, Clarice Cartwright, Carrie Moore, Lee McAlister, Cora Love, and Willie Robinson. The hostesses were Mabel McKeel, Pearl Gay, Lilla McKendree, Corinne Moore, Edna Driskell, Juno Malone, Faye Knotts, Verla Clark and Mildred York.

Picnic at Lake Last Night.

One of the most enjoyable social events of the season was the picnic given at the city lake last night by the employees of the local telephone office. The evening was pleasantly spent in boating, fishing, game playing and singing. Refreshments consisted of wienies which the young ladies of the party took pleasure in roasting. The party was chaperoned by Mr. and Mrs. W. L. Edwards, Mr. Edwards being superintendent of the telephone office here. Many other such picnics by the employees of the telephone company are anticipated.

Those in the party last night were, Misses Polly Massey, Hazel Russell, Dick Nelms, Julia Walker, Lepa Spangler, Bertie Cushman, Thelma Swain, Valli Rosser, Trula Routh, Cleo Guest, Agnes McDonald, Millie Worthington, Nola Lancaster, Della Bourn, Vinita Perkins, Olive Bourn, Mary Brown, Lura Wade, Bertie Robinson, Eva Robinson, Lola Escue, Mary Catherine Edwards, Leah Marguerite Edwards, Beatrice Cook, Forrest Cooper, Rae Cooper, Bessie Gaston, Abbie Huber, Aggie Johnson, Lillian Lamar, Pearl Prince, Ida Wymore.

Messrs. Joe Tobias, Bert Brown, O. M. Melton, J. C. Barnard, Linzey Cope, W. D. Fine, J. Norman, H. Hittell, Norman Phillips, Reg. Cotton, A. H. Emerson, F. McSwain, Billie Duke, L. C. Palmer. Mr. and Mrs. W. L. Edwards, Mr. and Mrs. Earle Dunn, Mr. and Mrs. S. G. Kidd, Mr. and Mrs. A. H. Davis, Mr. and Mrs. Neil B. Sleeper, Mr. and Mrs. E. Perkins.

CHURCHES

Continued From Page One.)

St. Joseph's Catholic Church.
Mass will be held at the church Sunday morning at 9:30.—Father Caudron, Pastor.

Christian Church
Second block, South Broadway.
In spite of the very bad weather last Sunday there were forty-eight in attendance. Tomorrow there ought to be four times as many present. Why not? If all will work this spring we can soon have two hundred in our school. Let's have 'em.

Morning worship will begin at 11:00. Every member of the church should see to it that he is present at this hour. It ought to be a sacred and joyful hour, the best of the whole week. The Lord's Supper is the most important part of the worship. The minister will preach on the theme: "The Christian College and Civilization."

The Christian Endeavor Society will meet at 7:00. The topic will be, "How to Show Sympathy." Miss Dorothy Waggoner will lead the meeting. Young people are cordially invited to this meeting.

At the evening worship beginning at 8:00 the minister will preach the sixteenth sermon on the Book of Revelation. His theme will be, "The New Heaven and the New Earth." In this sermon he will discuss the final consummation of all things and the ushering in of eternity. He will tell what will become of this terrestrial ball and will answer other interesting questions concerning the last things. Every one is very cordially invited to these services.

C. V. DUNN, Minister.

"L. of J." Hike
The "L. of J." boys will go on a hike Monday. They will meet at the church at four o'clock, and go to the brick plant. After enjoying themselves for a time they will eat their lunches, after which Mr. Dunn will tell them a story, and they will sing the song which their leader is writing for them. We are contemplating a good time, and it is hoped that all the boys will be on hand.

C. V. DUNN, Leader.

First Baptist W. M. S.
The Woman's Missionary Society of the church will hold its regular business meeting at the church next Monday at 4 P. M. All members are urged to be present as business of importance is to come before the society.—Mrs. R. E. L. Ford, Pres., Mrs. J. T. Roff, Secretary.

Methodists in Conference.

DES MOINES, Iowa, May 1.—The quadrennial general conference of the Methodist Episcopal Church opened here today and will continue in session throughout May. There are eight hundred delegates to the conference, forty-one being women, more women than were delegates to any previous conference. Fourteen nationalities were represented by the foreign delegation.
